CARE FOR ORPHANS

Orphan Sponsorship

Orphans are at the heart of what we do at Global Ehsan Relief. As one of the most vulnerable members of society, orphaned children are in need of extra love and attention. Our Orphan Sponsorship program provides a vital lifeline for these children and their guardians, ensuring that they have food, shelter and clothing. By sponsoring an orphan, our donors also support the cost of the children's education and medical care, allowing their guardians to save money for the family's future.

WINTER EMERGENCY APPEAL

For this quarter, our team had the privilege of participating in aid distribution efforts in Jordan, Lebanon, and Türkiye, where the team were able to witness firsthand the struggles of refugees as they make preparations for the harsh winter conditions.

The freezing temperatures can make it difficult for many refugees around the world to find food, shelter and warmth, and they may not have access to basic necessities such as warm clothing and blankets. Without assistance, their chances of surviving the winter are slim, making it imperative that help is given to them to keep them warm and safe.

Together with our partners, Global Ehsan Relief delivered aid to 14,425 refugees and IDPs in Afghanistan, Bangladesh, Gaza, Iraq, Jordan, Lebanon, Pakistan, Syria, Türkiye and Yemen, with the goal of ensuring the comfort and survival of those impacted by freezing temperatures.

MISSION TRIP

Pakistan

The monsoon season in Pakistan resulted in heavy rainfall, landslides, and flooding which affected a large portion of the population, submerging one-third of the country and impacting millions of people, approximately 15% of the total population.

With the situation calling for urgent humanitarian attention, our team went on a mission trip to Pakistan to provide assistance in the wake of the disaster, assisting those affected in recovering from the destruction that the flood caused. During this quarter alone, we helped more than 11,761 beneficiaries with essential necessities to aid their survival after losing everything they owned, including their homes.

On the mission trip, our Singapore team met and had a discussion with the Pakistan team regarding the distribution of aid to flood victims. Our team also visited the mosque, madrasah, and home for widows, where they were able to understand the plight of orphans, widows, and other flood victims which were made worse by the flood, as well as provide assistance to them. As there are an average of 150 widows in every district, there is a need for more homes for widows to help shelter and keep them safe.

The delivered aid breakdown is reflected in Pakistan Emergency Appeal (page 12)

CIP TRIP

There they had the opportunity to visit refugee camps and meet with the Syrian refugees who have been there for many years. It was an eye opening experience to see just how harsh the conditions in these camps can be, especially during winter.

Throughout the 2-week trip, the team distributed food aid, cooked meals, winter clothes, and heating materials to more than 5000 refugees and people in need, making this winter a warmer and happier one for them.

Sithika's Story

GERSG Volunteer

Sithika, a primary school English teacher, had known about GER for a few years already before volunteering with us. A pious woman, she told us that she was blessed with the ability to drive and her own car, so she was keen to use them for a good cause and please Allah S.W.T.,

Sithika is happy to lend a helping hand in her own small way, and in her own words, "grateful for the opportunity to meet people who are serving the community with faith at such a young age".
