GLOBAL WAKAF PROJECTS

Mosque Construction

2

Prophet Muhammad (peace be upon him) is reported to have said,

“Whoever builds a Masjid for Allah – be it large or small – Allah will build for him a house in Paradise.” [Sunan al-Tirmidhi]

A mosque is the heart of every Muslim community. 3 mosques have been constructed in Cambodia. The first one was built in Veal Bei Village, Kro Nhoung Senchey Commune, Snoul District, Kratie Province.

The second was in Tropeang Prolet Village, Rokar Poprom Commune, Tboung Khmom Province, and the third was in Ouempel village, Beng Lvea Commune, Sentouk District, Kampong Thom Province.

Thanks to your generous contributions, these masjids will bring relief and comfort to the hundreds of people living in these remote villages. They have been without a place to do their prayers for many years.

Mosque Refurbishment

Baitul Izzah is a mosque located in a remote area of Aceh Utara. This mosque is in the centre of 4 villages and was built using funds from local people. Since the locals are living in poverty, the foundation and roof are the only things they can afford to build.

Another mosque refurbishment was completed in Cambodia. The Mosque there was run down and falling apart. With support from our generous donors, the mosque is now being refurbished, making it intact and safe for the mosque-goers to perform their prayers.

GLOBAL WAKAF PROJECTS

School Construction

1

Education is important; however in rural areas of developing countries, there is a severe absence of basic infrastructure and facilities.

Alhamdulillah, one of Global Ehsan Relief's amazing projects was to build a new school - Maahad Al Abrar, for these children to obtain their education. The school was constructed in Veal Bei Village, Kro Nhoung Senchey Commune, Snoul District, Kratie Province, Cambodia.

More than 100 students in the village have benefited from this project. The children and teachers will now be able to teach and learn in a conducive classroom environment, thanks to your generous contributions.

GLOBAL WAKAF PROJECTS

Mushollah Refurbishment

1

This Musholla is located in Dayah Kamsatul Anwar, Gampong Denong, Kecamatan Simpang 3, Aceh Besar.

The maahad was built by Ustad Sirajuddin, however the funds for reconstruction were limited. Alhamdulillah with our donors' and volunteers' support, we managed to refurbish the musholla.

GLOBAL WAKAF PROJECTS

House Construction

1

Global Ehsan Relief managed to build one house for a Muslim family in Takeo Province. They have been going through hardship, getting through each day without enough food to sustain themselves. On top of that, they do not even have proper housing. We believe everyone deserves a comfortable place to live in and call home.

Ablution Place

The best charity is to give water.

These beautiful people in the village of Kampong Chnang, Cambodia recently got their gift of life - water wells and ablution places donated by you, our generous contributors and supporters.

Previously, they would collect water from dirty ponds or rainwater, however everything would dry up eventually during the dry and hot seasons. Now, they are able to get clean, fresh water daily to use for wudhu, drinking, cooking, washing and to irrigate their lands.

GLOBAL WAKAF PROJECTS

Braille Quran

2

Part of our Wakaf Braille project, this project aims to assist those who are visually impaired to read, learn and memorise the Al-Quran.

This time 2 beneficiaries from Abdyta received their very first Quran Braille sets.

The beneficiaries' names are Rika Noprianti and Juliani Firda, siblings who learned to read the Quran since they were enrolled in a Special School.

Despite their limitations, both of them can read the Quran very well and were so happy to receive their Quran Braille sets.

The distribution was done at Blang Pidie, Aceh Barat Daya.

CARE FOR HUNGER

1 Food-aid Pack benefits a family of 5 people

Food Aid Distribution

688

Our Food-Aid Distribution project has benefited many needy and under-privileged families in countries such as Cambodia, Indonesia, and Sri Lanka. People living in developing countries, especially in rural parts are the most in need of these food-aid packs, which consist of non-perishable food items that can help sustain them for a certain period and also ease their financial burden.

Without the food-aid packs, it is difficult for these families to get by each day as they live in poverty and struggle with hunger. Alhamdulillah, our projects also encourage volunteers to come forward and take part in the distribution of the food aid packs to the homes of our beneficiaries.

Food Bank

237

Food Bank (Gerobak Rezeki) is a project where cooked food in form of lunch or dinner is distributed to orphans or dhuafa in one specific location (orphanage, mosque, mahad or village).

Donors will share happiness with orphans or poor villagers by cooking food and distributing it by car.

100

The donors or representatives will serve the community by delivering the food right on to the beneficiaries' plates. We have distributed food for orphans in Muhammadiyah Orphanage in Banda Aceh.

The Messenger of Allah ﷺ said,
“The greatest of days before Allah is the Day of Sacrifice.”
[Abu Dawud]

In many countries across the world, the act of Qurban has become a community project that benefits those in the immediate locality.

Global Ehsan Relief with our international partners took part to facilitate Muslims in donating their sacrifices to 95,930 of the world’s most needy families.

Alhamdulillah, with your generous support we were able to distribute over 2,000 livestock which includes cows, goats and camels - to the poor, needy and orphans in 21 countries. Your Qurban contributions this year benefitted more than 95,000 people worldwide.

QURBAN

Qurban is an annual program organized by Global Ehsan Relief (GER). The purpose of the program is to provide for the less fortunate people in the most needy countries and give them the opportunity to experience and celebrate Eid Adha. In addition, it also aims to instill a charitable spirit in the general public. This year our teams from Global Ehsan Relief went to 4 out of the 21 countries where the Qurban took place at. The countries are Myanmar, India, Aceh, and Bangladesh.

120

Myanmar

We collaborated with Islamic Help and distributed Qurban meat, Food-aid packs and clothes to three remote villages. These totalled up to over 2,600 families who benefitted.

300

India

Our Qurban took place at Danogahir, Pipili and Mukundasspur Village. The process and distribution was done again in collaboration with Islamic Help. A total of 12,000 people (2,400 families) benefitted from receiving about 5kg of meat (per family).

29

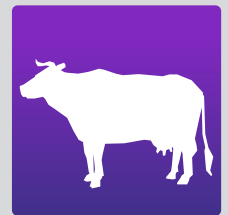

Aceh

Our teams from Singapore and Indonesia collaborated with Fajar Hidayah Orphanage to distribute Qurban meat to 725 under-privileged beneficiaries. We also distributed 100 sets of Food-aid packs to Miruek Lamredeup villagers, which benefitted about 500 people. The food packs contained 10kg of rice, 2kg of sugar, cooking oil, tea, condensed milk, biscuits, coffee and eggs. The community there are mostly tsunami victims who do daily labour such as construction workers and brick factory workers.

22

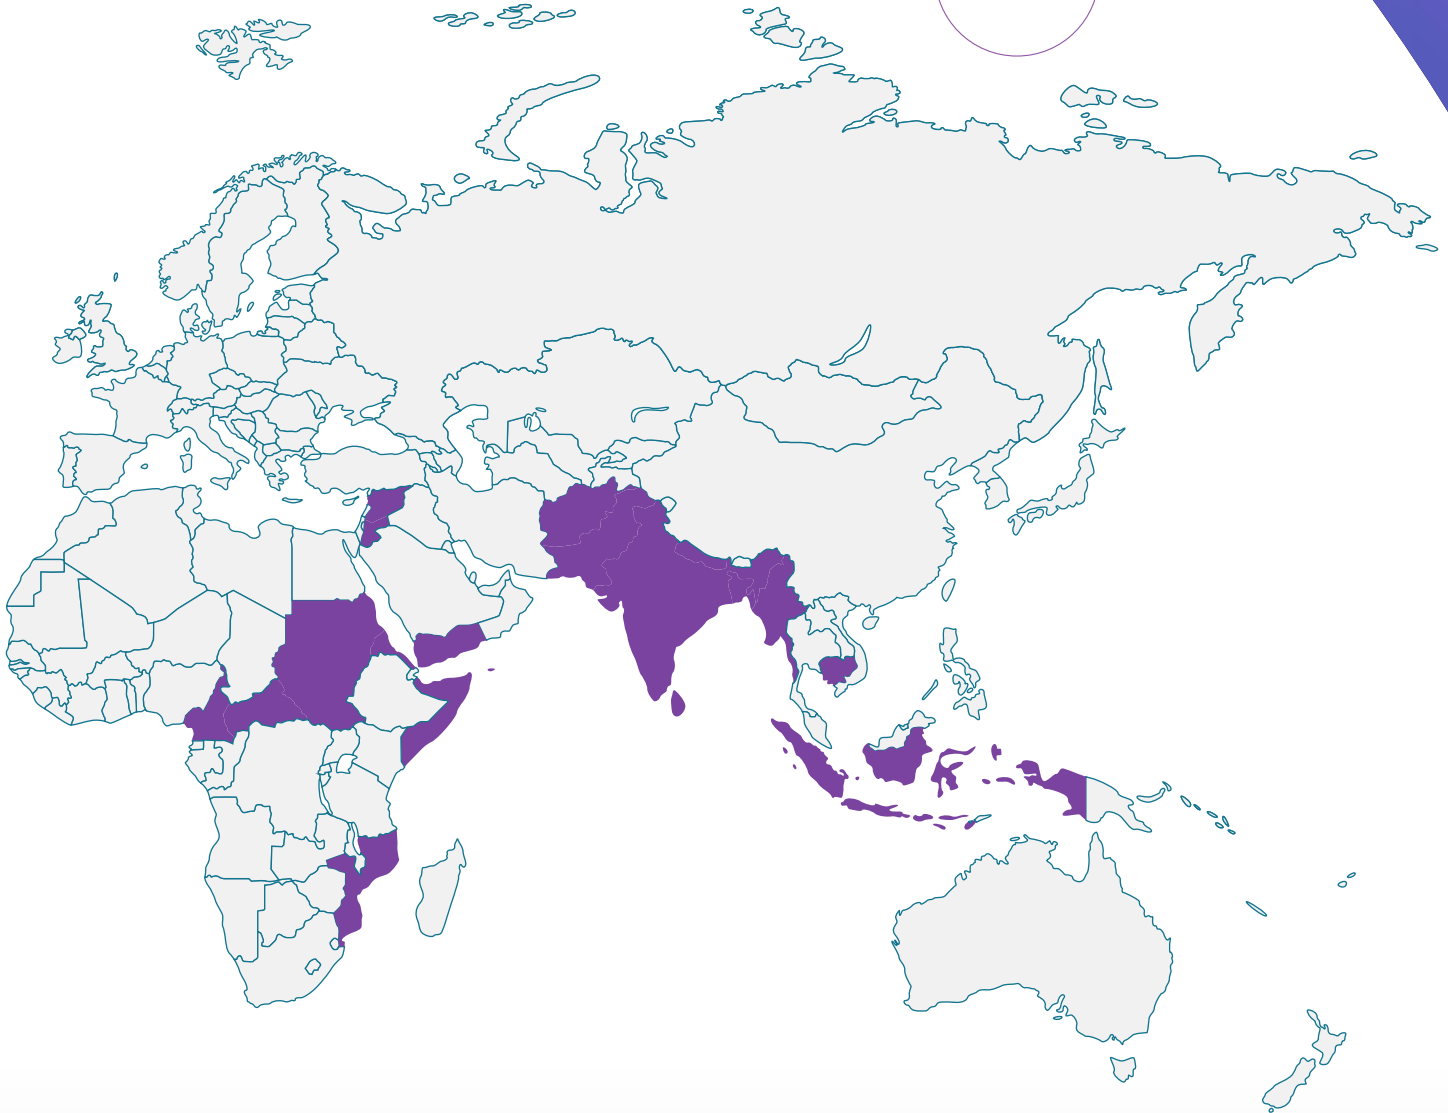

Bangladesh

The Rohingya refugees are slowly being forgotten by the world, however we should not stop providing aid to them because there are in most dire need of help. The population takes up 1.4 million and it is increasing. Even though there is assistance by the World Food Program (WFP) it is still insufficient. This year, our team from Malaysia distributed Qurban meat which benefitted about 8000-9000 Rohingya Refugees.

We monitor the 'halal' slaughtering process of the Qurban to ensure the humane treatment of the animals and a healthy meat product, as part of our effort to provide quality food distribution to the world's most needy communities. We source livestock according to Islamic specifications; this ensures sustainability and the selection of non-diseased animals.

UPCOMING PROJECTS

Integrated Orphans Center

Global Ehsan Relief is building an Integrated Orphans Centre (IOC) in Aceh, Indonesia for our orphans. In Indonesia alone, there are 60,000 orphans in need of assistance. Most of them usually end up getting exploited.

This IOC goes beyond any ordinary orphanage. These orphans will learn Islamic studies, academic studies, and also be trained and equipped with life skills that are in demand. For instance, Entrepreneurship, agriculture, farming and more.

We aim to house 500 orphans and groom them to become the best they can be. When they go into the IOC, they will come out from the poverty cycle and be ready to face whatever challenges life throws at them.
